MAT study takes you a long way when you use the flashcards. Don't take flashcards for granted they have the power to help you build knowledge through the valuable tool of repetition learning. This system divides easily into test objectives and sticks to the MAT testing format.

So far, I am excited about this study journey with my new material. I would give it a 5. I really like the tips and the way the materials are set up.

I haven't used them very much but I have read through them and they are very informative. I think that they will be a great help on the MAT.

To increase the bank of words, I needed to memorize words in group and I wished that this flashcard had the feature of a thesaurus.

I am enjoying learning from the flashcard system and also appreciate the preparation information in the accompanying guides.

The flash card system is simple and an effective way to learn. A great transition to study mode!

I found the flash card system very helpful and would rate it a 5

I am having fun reviewing all of this material.
