Human Services In Contemporary America (Introduction To Human Services)

Synopsis

Reflecting the latest policy and practice changes, HUMAN SERVICES IN CONTEMPORARY AMERICA, 8e delivers a complete overview of the helping field, its available programs, and the practical skills workers can employ. Completely current, it illustrates how recent governmental policy shifts impact the way human services professionals work. The author presents the history and practice of human services through the lens of a social problems and policy perspective. As you progress through the chapters, you understand how social, economic, and political issues might affect you as a human service worker--as well as the people you serve. Both practical and relevant, the text is packed with captivating, real-life examples that highlight personal experiences and other options available to legislators--such as national health care. It also provides invaluable information on selected careers within the field, including training and licensing requirements.

Customer Reviews

This textbook was certainly a good addition to my class. It was very detailed regarding services available for those disadvantaged individuals, whether socially, financially, or other issues. I would certainly recommend this textbook to anyone thinking about doing Social Work.

I loved that the item came as described, worth the money and the subject matter was easy to read and understand. Prices are very competitive.

What can I say, it's a textbook for college

It was an okay textbook, I didn't like the format, but otherwise it worked well for the course.

Decent read. I would keep it if I wanted to stay in the Human Services field!

After receiving my book for a class that is scheduled to start in 2 weeks; I open the book only to find out that it is missing half of the first chapter. How is a student supposed to be productive when they don't have the proper material to conduct the class. This is the first time that I have ever bought a used book and be unsatisfied with it!!!

a great insight to the human services world.

The book was in good condition. THANKS !
