Tao Te Ching: Annotated & Explained (SkyLight Illuminations)

Synopsis

The enduring wisdom of the Tao Te Ching can become a companion for your own spiritual journey. Reportedly written by a sage named Lao Tzu over 2,500 years ago, the Tao Te Ching is one of the most succinct and yet among the most profound spiritual texts ever written. Short enough to read in an afternoon, subtle enough to study for a lifetime, the Tao Te Ching distills into razor-sharp poetry centuries of spiritual inquiry into the Tao the "Way" of the natural world around us that reveals the ultimate organizing principle of the universe. Derek Lin's insightful commentary, along with his new translation from the original Chinese a translation that sets a whole new standard for accuracy will inspire your spiritual journey and enrich your everyday life. It highlights the Tao Te Ching's insights on simplicity, balance, and learning from the paradoxical truths you can see all around you: finding strength through flexibility (because bamboo bends, it is tough to break); achieving goals by transcending obstacles (water simply flows around rocks on its way to the sea); believing that small changes bring powerful results (a sapling, in time, grows into a towering tree). Now you can experience the wisdom and power of Lao Tzu's words even if you have no previous knowledge of the Tao Te Ching. SkyLight Illuminations provides insightful yet unobtrusive commentary that describes helpful historical background, explains the Tao Te Ching's poetic imagery, and elucidates the ancient Taoist wisdom that will speak to your life today and energize your spiritual quest.

I want to say a few things to those who are searching for a modern understanding that gives you an overall view of your humanity and the world. Derrick Lin's notes and explanations recognize personal uniqueness and offers expanded insights of human capabilities and potential that is inclusive of modern medicine, science and psychology from the East & West. It includes and encompasses your inner world, your relationships, work environments, your culture, your government, nature, and existence, whether you are a teenager, psychiatrist, scientist or CEO. I have heard that every Fortune 1000 CEO has a copy of Sun Tzu's, "Art of War" on his desk. Derrick Lin's translation of the Tao Te Ching will have significance in this way. The distinction between the Art of War and the Tao Te Ching is that it is applicable for executives, managers and employees. This specific translation of the Tao Te Ching is applicable to all management methods, models and theories in all corporate settings. These include, but not limited to: small enterprises, public (especially hospitals and senior care providers), not-for-profit organizations, all religious organizations, government institutions like HUD and large corporations. I have lived a life of obscurity, yet I have provided lectures and training, from time to time, to Psychiatrists, Medical Doctors, scientists, trainers, and individuals, at hospitals, universities, corporate settings, conference venues, churches and counseling venues. I have appeared on television locally and nationally and on live radio throughout the United States in the field of Public Health. I have traveled for many years, worldwide, searching for live teachers, when possible. I have meditated many hours each day for these 30 years.
