Raising The Hunley: The Remarkable History And Recovery Of The Lost Confederate Submarine (American Civil War)

Synopsis

The history of the Confederate submarine H. L. Hunley is as astonishing as its disappearance. On February 17, 1864, after a legendary encounter with a Union battleship, the iron fishboat vanished without a trace somewhere off the coast of South Carolina. For more than a century the fate of the Hunley remained one of the great unsolved mysteries of the Civil War. Then, on August 8, 2000, with thousands of spectators crowding Charleston Harbor, the Hunley was raised from the bottom of the sea and towed ashore. Now, award-winning journalists Brian Hicks and Schuyler Kropf offer new insights into the Hunley's final hours and recount the amazing true story of its rescue. The brainchild of wealthy New Orleans planter and lawyer Horace Lawson Hunley, the Hunley inspired tremendous hopes of breaking the Union's naval blockade of Charleston, only to drown two crews on disastrous test runs. But on the night of February 17, 1864, the Hunley finally made good on its promise. Under the command of the heroic Lieutenant George E. Dixon, the sub rammed a spar torpedo into the Union sloop Housatonic and sank the ship within minutes, accomplishing a feat of stealth technology that would not be repeated for half a century. And then, shortly after its stunning success, the Hunley vanished. This book is an extraordinary true story peopled with a fascinating cast of characters, including Horace Hunley himself, the Union officers and crew who went down with the Housatonic, P. T. Barnum, who offered \$100,000 for its recovery, and novelist Clive Cussler, who spearheaded the mission that finally succeeded in finding the Hunley. The drama of salvaging the sub is only the prelude to a page-turning account of how scientists unsealed this archaeological treasure chest and discovered the inner-workings of a submarine more technologically advanced than anyone expected, as well as numerous, priceless artifacts. Hicks and Kropf have crafted a spellbinding adventure story that spans over a century of American history. Dramatically told, filled with historical details and contemporary color, illustrated with breathtaking original photographs, *Raising the Hunley* is one of the most fascinating Civil War books to appear in years. From the Hardcover edition.

I first heard about the Confederate submersible H.L. Hunley 46 years ago when I was a scared five year old in St. Mary's Hospital in Duluth, MN. I had an unheard crippling disease (everyone thought it was polio) and wasn't doing very well. There was no TV in our area of the hospital and I couldn't read more than a few words, but my Dad brought me a book about submarines. He and I used to stay up past my bedtime to watch "The Silent Service" WW II docu-dramas about the submarine service and he knew I was nuts about subs. On page three, was a painting of the "Hunley" (sic) getting ready to ram her torpedo into the hull of the USS Housatonic. I made my Dad and the nurses and the bigger kids in the childrens' ward read those pages over and over to me. Even then I wondered what could have happened to the sub and the brave sailors on board. Later I was able to talk to my great grandma who remembered a little of the civil war and told me what she knew about the Hunley. I've been hooked ever since. (By the way, the disease turned out to be septic arthritis and thanks to antibiotics I made a full recovery.) I have been an email correspondent with Brian Hicks and Schuyler Kropf, award-winning journalists of the Charleston (SC) Post and Courier newspaper for several years now. They have been on the Hunley "beat" ever since it's discovery in 1995 and I'm sure they have become really tired of my pestering them for measurements and modeling details for the RC model I am building of the Confederate sub. But ever since Mr. Hicks told me about their project I have been bursting at the seams to get my hands on a copy of their brand new book about the famous rebel "fishboat". I received my copy on a Friday and pretty much spent the whole weekend reading and relishing every word.
