GMAT Word Problems (Manhattan Prep GMAT Strategy Guides)

Synopsis

Adapting to the ever-changing GMAT exam, Manhattan Prep's 6th Edition GMAT Strategy Guides offer the latest approaches for students looking to score in the top percentiles. Written by active instructors with 99th-percentile scores, these books are designed with the student in mind. The GMAT Word Problems Strategy Guide demystifies the most challenging of math questions on the GMAT—the word problem. This book equips students with broad, powerful strategies, as well as specific tools, for tackling GMAT word problems in all their various guises. Unlike other guides that attempt to convey everything in a single tome, the GMAT Word Problems Strategy Guide is designed to provide deep, focused coverage of one specialized area tested on the GMAT. As a result, students benefit from thorough and comprehensive subject material, clear explanations of fundamental principles, and step-by-step instructions of important techniques. In-action practice problems and detailed answer explanations challenge the student, while topical sets of Official Guide problems provide the opportunity for further growth. Used by itself or with other Manhattan Prep Strategy Guides, the GMAT Word Problems Strategy Guide will help students develop all the knowledge, skills, and strategic thinking necessary for success on the GMAT. Purchase of this book includes one year of access to Manhattan Prep's Word Problems Question Bank. All of Manhattan Prep's GMAT Strategy Guides are aligned with the 2016 Edition GMAC Official Guide.

Customer Reviews

Kindle edition of this book is a shortened version of the printed one. Only part of the subject material as well as practice questions are included to the Kindle Edition in comparison with the printed (full and fundamental) version. It seems that Manhattan contradicts itself saying that they provide only deep, focused coverage of a specialized area. The subject material is incomplete and few practice questions are presented in this version. There 163 pages but it's due to a large font which is used in the book.

This is a very thin book... There is an error on page 64 that choice B should be 115.5% as it shows on the next page. Also, I'm wondering where the problems are at the end of Chapter 4 that I am asked to practice? I'm confused...

Errors, missed problem sets for at least 2 chapters.

Excellent
