# The Collector's Society Encyclopedia

## Synopsis

CLASSIFIED MATERIAL If you are reading this dossier, you have been granted Level Three clearance within the Collectors' Society. Included in these pages are snippets from multiple key agent files as well as those on persons of interest. Please keep in mind that this compendium is considered highly sensitive and is illegal to share with anyone outside of your clearance. It is not to be removed from the Institute. Happy reading! --The Librarian For those previously introduced to the mysterious Collectors' Society and their mission, eager to discover more, The Collectors' Society Encyclopedia is the perfect full-color companion piece to the series. Within are detailed entries elaborating upon the various agents and employees as well as the key villains suspected of targeting and destroying Timelines. Backstories, relationships, secrets, and clues are revealed alongside a thorough bibliography of important Timelines and their designations. Profiles are also included of the Institute in New York City as well as Wonderland. Society fans and lovers of classic literature will undoubtedly delight in unraveling the secrets that lay within these pages.

## Customer Reviews

If you have already read the Collectors Society books, this book is a fantastic in depth look inside the Society and agents that we've come to love. If you have not read the series yet, this book will appeal to your curiosity enough to make you buy the whole series and start tonight! Beautiful color descriptions and tidbits into the workings of the characters and places we all want to know more about! Thrilled about this book and cannot wait for the final in the series! Happy reading!

Great bios and an inside look at all the characters from the Collectors Society series. This really helped me keep every one strait and sort of which character went with which classic novel. A must have for any fan of The Collector's Society.

I love having this little extra to go along with The Collector's Society series. There can be so many characters to keep track of it is nice to have this as a reference, plus having all these details about our favorite characters and images of them is just a fun addition for any fan!

So I FINALLY read this, I still needed to read The Forgotten Mountain first because this can contain spoilers/new characters from that book.Can I just say how cool this book is? How many times have we read a series wondering if we could get a detailed account of the characters? And how cool is it that Heather Lyons gives us one?Awwww yeah!Anyways this is a super cool IN COLOR catalog of characters and places in The Collector's Society series. It also had a very cool bibliographic reference as to the timelines in the back which I will admit, I really needed.This is a must read if you are a fan of the series!!!
