Customer Reviews

Book is in great condition, but I recieved no mail back information. Just a book in a box.

It says on the cover of the book in the photo, twelfth edition which is what I needed and I received the eighth edition in the mail.

It was great to get a book at a reasonable price, and I received it in just a short time.

Just what my daughter-in-law needed. It was in great condition and a great price. This is the best way to buy books for school that don't break the bank

The teacher didn't really cover everything in here, but still have to get this book coz it's required for my English class.

this book comes in handy for my english class because it helps writing my essays and paragraphs that are due in my class

The book wasn't in great condition but it was readable-there was writing in it but agin still readable

There is subject material that I need for class that has been removed from this book.
