## Customer Reviews

the questions are tough, structured like the actual exam questions, and come with answers+explanations. This is a great way to help prepare for the test. If you're lazy and having a hard time committing yourself to studying with an exam prep book for 2-3 hours, this book is great because you can do 4-5 questions everyday while you're pooping and still get a lot of information from thinking through the question and going through the answer explanation

I was kind of disappointed with this book. I used the Financial one from this series and loved it. REG

went a bit differently. I found out that the tax law in the 2015 version is from June 2014, this book was published in August 2014, I believe. The law was current at the time of publishing but not at the end of 2015 when I purchased it. From the timing, it looks like MG Hill tries to keep up, but I could fail my test because of this. The last two testing windows of 2015 tested current year tax law. I sent an email to MG Hill and did not get a response. I'll be looking for a way to get written MCQ since I am a GenX learner and don't like MCQ online. Bummer!

Very nice book with 500 questions and answers. Light and about the size of a dvd case. Make it very easy to carry.

Nice set of questions, very reasonable price. I downloaded it to my phone and got right to work.

Another helpful source of questions for the CPA exam. Glad I found this

very comprehensive book.

It is very useful to me.
