# What Women Want

## Synopsis

The #1 bestselling pioneer of "fratire" and a leading evolutionary psychologist team up to create THE dating book for guys. Whether Tucker Max and Geoffrey Miller did their research in bars or in the lab, they both got a serious look at how women view relationships. MATE uses the best science to go behind the curtain and reveal what women really want in the worlds of sex and dating. Based on breakthroughs in evolutionary psychology, sexuality, behavior genetics, and animal communication, MATE is the book for guys whether they are looking to hook up or find and keep the one. MATE pulls from hundreds of studies to show what really works on the dating scene. From revealing attractive traits to suggesting strategies for choosing careers with the best mating markets, MATE is an evidence-based, seriously funny playbook for becoming as sexually attractive and romantically successful as possible.
