# Cracking The PSAT/NMSQT, 2010 Edition (College Test Preparation)

## Synopsis

The PSAT is a critical test for high school students warming up for the SAT and hoping to qualify for National Merit Scholarships. The experts at The Princeton Review bring you their proven techniques for improving your PSAT score in *Cracking the PSAT/NMSQT, 2010 Edition*. This guide includes all the math, critical reading and grammar skills you need to ace the PSAT, as well as 2 full-length practice tests, numerous drills, and explanations for answers to all drill and practice test questions. In *Cracking the PSAT/NMSQT* you'll learn how to think like the test writers and • Eliminate answer choices that look right but are planted to fool you • Learn the most important PSAT vocabulary words with our • Hit Parade • • Master strategies that will help you ace the Math, Critical Reading, and Writing sections Plus you'll get a study guide that maps out how to make the most of your study sessions and strategies to avoid common errors.

## Customer Reviews

This book offered vague strategies which any experienced test taker knows. The practice tests are fairly decent but the strategies and concepts lacked basis. For a person who would like to excel in the PSAT for National Merit should purchase this book, they should instead purchase the College Board Official SAT Study Guide which is more broad and covers all topics in the PSAT. Overall, do not buy this book!

Very good book for PSAT preparation!

This is a fantastic book to leave at the kitchen table for the kid to review while they are eating their snack. It has tons of information about test taking !!! It has example questions and review. Wonderful book to prepare the kids for college.
