Official LSAT PrepTest 69: (June 2013 LSAT) (Official LSAT PrepTests)

Synopsis

The PrepTest is an actual LSAT administered on the date indicated. Practice as if taking an actual test by following the test-taking instructions and timing yourself. In addition to actual LSAT questions, each PrepTest contains an answer key, writing sample, and score-conversion table.

Product Dimensions: 8.5 x 0.3 x 11 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (16 customer reviews)

Best Sellers Rank: #203,136 in Books (See Top 100 in Books) #84 in [Books > Education & Teaching > Higher & Continuing Education > Test Preparation > Graduate School > LSAT](#) #99 in [Books > Law > Legal Education > Test Preparation](#) #1628 in [Books > Textbooks > Law](#)

Customer Reviews

This is the newest LSAT preptest, as of the time of this review (July 2013). The LSAT changes with time. You should definitely get the newest test, as new tests are the best indicator of what future tests will look like. Considering how important the LSAT is to your odds of admission, this book is well worth the price. You should also get the following books: LSATs 52-61 LSAT 62 LSAT 63 LSAT 64 LSAT 65 LSAT 66 LSAT 67 LSAT 68. The total cost of those books + this book is around \$70-\$80. You'll get 18 of the most recent, official LSAT pretests. There is no better investment you could make towards a better LSAT score. If you want more pretests, I recommend [LSATs 29-38](#), which is only \$21 and has ten more fairly recent tests. To get tests 39-51, you'll have to buy online PDFs, as the LSAC no longer makes them readily available in print on . Note that only LSAT 69 (this test), LSAT 68, LSAT 67 and LSAT 66 have two pages for logic games diagrams. I recommend using only the second page for your diagrams. I've watched students draw diagrams far away from the questions, and it is surprisingly easy to lose your train of thought when you have to move your eyes across multiple pages. Graeme Blake Author of [LSAT 69 Explanations](#)

Anyone serious about improving on the LSAT should be studying with actual LSAT pretests such as this one. Answering real questions from previously administered tests is one of the most effective ways of increasing your score. This is the most (as of July 2013) modern LSAT test available. This test has the new comparative reading section AND it has the new game question. Because of the modern changes to the LSAT and how recent this test is, this is a must-have for anyone serious about improving on the LSAT. Not only does this LSAT test have the new game question, it also has the new format for games. This is extremely important to practice on. For more about the LSAT and how to improve visit 180degreeslsat.com

It is absolutely necessary to purchase LSAT 62-69 separately as they have not been published in a compilation book as of yet. If you are to be successful on the LSAT you need to take as many actual LSATs as humanly possible.

Don't buy the Kindle version! The format is totally different than the actual test and other pretest booklets. This is useless if you are trying to prepare using actual conditions and materials. Format and test conditions are vital in preparing for the LSAT. While the paper version may be okay, the Kindle version is a waste!!!

So I have ordered TONS of PTs from . I hated to do so because you end up paying \$8 or less depending on how relevant the PT is. However, when you add in shipping and tax - you end up paying \$15 or so (double in some instances). I've even bought used PTs for like \$2.00 and end up paying \$4.00 for shipping. Now you have to hit the \$35 mark to qualify for free shipping!

LAME. There is a site I go to called Cambridge LSAT.com. I paid \$8 flat for PT 70 before it was even released in paperback form! You get to download it RIGHT THERE AND THEN, You only get to download it twice so you have to save it right away but that's not a big deal. Sometimes waiting a week and half messes you up with your studying. I ordered PT 67 and waited TWO WEEKS for it and only had two weeks to study it before the LSAT. I do not work for this company nor am I compensated in anyway for this review. Just a law student on a budget. Cheers!

LSAT PrepTest 69 was administered as the June 2013 LSAT. It's the 4th exam to have a 2-page layout for Logic Games. Prior to the June 2012 LSAT (PrepTest 66), each actual LSAT only gave you one page to complete each Logic Game and associated questions. Awful, right? Test-takers back then hardly had any space for their diagrams. However, you're one of the lucky ones. Starting

with PrepTest 66, LSAC changed their policy, and decided to spread the questions associated with each Logic Game across two separate pages. After LSAC released the June 2012 LSAT, LSAC told me via email that it would continue with the 2-page spread for each Logic Game going forward. As promised, PrepTests 67-69 also gave test-takers a 2-page layout for each Logic Game. (You can read more details about this, along with snapshots of this new layout on my website. Just click on the "Logic Games" heading at the top.) It's always been important to work through the newest exams before you take the real thing, but working through the last few exams starting with 66 is especially important because they're the only ones (as of this moment) to let you work on LGs with the new layout. Make sure you get comfortable with having more space (not that it's so difficult, considering it's a *good* change) before you take the LSAT!

This specific prep test is very resourceful and perfect for analytical LSAT review. The content of the prep test is beneficial to those that are preparing to take the LSAT.

This PrepTest #69 is recent (at this time) and extremely useful in preparing for the LSAT. I've used it myself and have bought this for others to use.
