I have bought this, and all the other French QuickStudy sets. Trust me, they are incredibly helpful. My professor saw them in my folder and exclaimed "oh! Those are incredibly helpful! Really good!". If my professor says so, and I'm saying so...trust us ;)They're organized nicely, with different colors per section to help with the organization and for quickly finding what you need. they fit nicely into any binder. They're also laminated with great quality plastic. These things won't get ruined, no matter how hard you may try.Trust me, they're cheap and incredible quality. You want these.

I ordered French Conversation, French Vocabulary and French Verbs and found mistakes on all 3. Simple editing mistakes that even a 1st year student could recognize. For example under greetings it says, "I don't" and they put the translation into French as "je ne sais pas". Je ne sais pas means "I don't know". They also have "no one" translated into French as "personne" which should be "personne ne".All 3 are laminated and ready to be put into a 3-ring binder. They are handy. Just remember to fact check.

All i can say is that this card is very useful, from a beginners perspective and I got the "A" that I

I bought 2 of these- one for each of my kids taking French - they really like using them for tools in class.

well laid out and easy to use. hope to become a bit proficient before I head back to france. would rather have some of the language mastered instead of spending my time looking in a book for everything I wanted to say and this and the other help guides I got are really good. Really like them all!!!

Bought this for my first year High Schooler who takes French. He loved it and put it right into his French Binder (has 3 ring binder holes punched into it). Good lamination, thick and you can tell it will stand up through the year or two of French for an active student. Today was his first day in school, his friends were impressed and want them for themselves. His French teacher praised him for a smart buy and being prepared. It also is easy to understand and put together so it's easy on the eyes as well as it covers the major things needed in french class.

I found this aid quite helpful as a ready resource for reference to (almost) all things French as regards a basic level of understanding and usage. It supplemented my other study materials (Rosetta Stone, an introduction to French paperback text, and so on) but it is a useful adjunct, chock full of basic but essential information.

These are so helpful. I finished my French courses and needed to keep using it because I was forgetting some things the longer I went without speaking the language. These little guys are always in my bag and instead of playing Tetris, I'll pull these guys out sometimes and keep my French sharp and in the forefront of my mind.
