Couvares articles in this volume examine a wide variety of historiography.

Really liked it for her class

It's a good overview work that will assist most students of American history in establishing a basic knowledge of the field.

High school text book for my son, glad I could find it here

Came in excellent condition, just as promised!

Got it used. Was in very poor condition. I passed the class, though. So, I guess that is all that matters.
