The Essential Writings Of Ralph Waldo Emerson (Modern Library Classics)
Introduction by Mary Oliver Commentary by Henry James, Robert Frost, Matthew Arnold, Oliver Wendell Holmes, and Henry David Thoreau - The definitive collection of Emerson’s major speeches, essays, and poetry, The Essential Writings of Ralph Waldo Emerson chronicles the life’s work of a true American Scholar. As one of the architects of the transcendentalist movement, Emerson embraced a philosophy that championed the individual, emphasized independent thought, and prized the splendid labyrinth of one’s own perceptions. More than any writer of his time, he forged a style distinct from his European predecessors and embodied and defined what it meant to be an American. Matthew Arnold called Emerson’s essays the most important work done in prose. INCLUDES A MODERN LIBRARY READING GROUP GUIDE

I think it is probably safe to assert that to read Emerson is to be forever indebted to him. His wording, his clearness of thought, his determination, his warmth... He has all the qualities one could ask for in a writer, and all one could ask for in a mentor. Nietzsche held Emerson’s books the closest, and said they were above his praise; Borges added "Whitman and Poe have overshadowed Emerson’s glory, as inventors, as founders of cults; line by line, they are inferior to him". James, the very Whitman, Proust, Frost, have all also praised him sincerely. Judging from other reviews, the love for Emerson hasn’t diminished, more than a century after his passing. For those who are not
familiar with his works, it should be noted that Emerson is, without a doubt, a very unique writer. I was surprised when I realized that there is more poetry in his philosophy than in most verse books, yet he is always lucid; and that his poems, although hued by an impressive depth of thought, remain always passionate. He was renown as a brilliant lecturer, and his essays have all the force and simplicity of the oral form. Few people are so rich in memorable aphorisms, and one finds a treasure of a quote in every sentence: "A drop is a small ocean"; "We are not built like a ship to be tossed, but like a house to stand"; "Whoso be a man, must be a non conformist"; "Punishment is a fruit that unsuspected ripens within the pleasure which concealed it"...Those looking for a good introduction to Emerson can't do wrong buying this Modern Library Edition. In fact, those who are familiar with Emerson but are looking for an inexpensive paperback to carry around probably should pick this one up too.
